

## PET POLICY

Pets are only permitted in Pet TLFs in building 231, rooms 5105, 5106, 5107, and 5108. Guests are required to provide shot records for each pet and to sign the pet policy upon check in. Each Pet Friendly TLF has a two pet limit unless an exception is granted by the lodging manager. Pet owners will be charged a standard \$10 per night fee regardless of the number of pets in the unit and duration of their stay. The fee will be used to defray additional cleaning costs and maintenance/replacement of required pet-friendly unit items.

### Pet Owner Responsibilities:

- Abide by the Pet Agreement signed at check-in. Failure to do so will result in warnings and possible removal from lodging.
- Pets must be secured in TLF-provided pet containers when guest is not in the unit.
- Pets are not allowed to sit directly on furniture or bedding.
- Owners may not use lodging towels or linens to bathe pets.
- Ensure pets are leashed when outside the facility.
- Owners must ensure “pet relief” area is used and cleaned up after pet use.

**Pets are not permitted in or around any other rooms or facilities at any time (IAW AFI 34-246, para 1.5.2.)  
 A cleaning fee of \$150.00 will be assessed daily for pets found in quarters not designated as pet friendly rooms.**
