

DEPARTMENT OF THE AIR FORCE
HEADQUARTERS 319TH AIR BASE WING (AMC)
GRAND FORKS AIR FORCE BASE, NORTH DAKOTA

MEMORANDUM FOR GRAND FORKS AFB COMMUNITY

JAN 21 2016

FROM: 319 ABW/CC

SUBJECT: GFAFB Self-Declaration of Environmental Management System (EMS)
Conformance

1. In support of the goals and requirements of Executive Orders 13423 and 13514, as the Wing Commander I am declaring that the 319 ABW is in full conformance with the EMS. In recent weeks we have taken significant strides to address the minor findings identified in our FY15 Unit Effectiveness Inspection. We have reestablished our Unit Environmental Coordinators as members of the Cross Functional Team, and successfully promoted the Wing Environmental Policy throughout the base populace. Base leadership is apprised of the EMS program status at each Environmental Safety Occupational Health Council meeting.
2. Through this declaration, we reaffirm our commitment to continually improve the management of our environment and its resources. My EMS coordinator is Mr Gary Raknerud, 319 CES/CEIE, (701) 747-6153.
